MEMORANDUM FOR: AD/CI

SUBJECT

: OCI Comments on MP-106, Weference Data on World Power"

REFERENCE

: OCI Memorandum dated 29 October 1953

- out that OFR's publication was done at my specific request and limited to factors which I directed OFR to consider. For that reason the paper did not purport to be a complete examination of relevant strategic importance but merely to present certain salient figures and combine them in such a way as to provide very rough guidance to people engaged in policy planning. It was, therefore, distributed only as a reference aid and never intended to imply that the factors it did not deal with were unimportant.
- 2. The items listed in OCI's paragraph 2a. are all willid but outside the scope of MP-106.
 - 3. The items listed in OCI's 2b. may be commented upon as follows:
 - (1) and (3) Considering the rough nature of the figures, detailed derivations do not seem appropriate.
 - (2) Raw materials as an isolated factor were felt to be irrelevant when unexplored as part of an area's or country's economy.
 - (4) Was adverted to in columns 8 and 9.

4. ORR should not be judged for success or failure except within the limits of its undertaking.
